

## Sirius LPG Gas Detector

### Product Overview

- Advanced algorithms provide advanced detection , discrimination
- Stable gas chamber. No adjustment or replacement required.
- High immunity against unwanted alarms
- Surface – mount device (SMD) circuit board design
- Internal reed switch for hush and test
- Portable LPG Gas Detector
  - Healthy & Alarm
  - Inbuilt LED indication
  - Attractive look

### Technical Specification

- Target Gases : LPG
- Operating Voltage : 124 V
- Application : Industrial / Home
- Operating Humidity:  $\leq 95\%$  RH
- Response Time:  $< 1$  Second
- Mounting Type : Wall Mounted
- Country of Origin: Made In India
